

SF3961 Statistical Inference

2015/16

Three challenging problems on hypothesis testing

PROBLEM 1: Problem IV.19, p. 287 in Schervish. In particular (a) is challenging

PROBLEM 2: Problem IV.31(a,c,d,e), p. 289 in Schervish.

PROBLEM 3: Problem IV.41, p. 291 in Schervish. This is not that difficult, but the interpretation is interesting!
