

EL3300/SF3849 Convex Optimization with Engineering Applications Autumn 2010
Instructors: Anders Forsgren and Ulf Jönsson

Questionnaire

We would like to have your opinion on the course. We appreciate if you take some time to fill out this questionnaire.

Please fill out the questionnaire and send back to us. If you want to be anonymous, please send a paper copy by regular KTH mail (or external). Otherwise, you may scan and attach in an e-mail. Please take time to fill out the questionnaire now, and return no later than Friday February 4.

1. Your affiliation (optional)
2. Your overall opinion on the course.

	Very useful	Useful	Of some use	Not useful	Useless
I would rate the course as					
	Very easy	Easy	Reasonable	Quite hard	Too hard
I would rate the course as					

Further comments on the course:

.....

.....

.....

3. Would you like to see more theory, more hands-on experience with algorithms or more applications in the course?

	More	No change	Less
Theory			
Hands-on experience with algorithms			
Applications			

Other comments on the course contents:

.....

.....

.....

4. Your overall opinion on the homeworks.

	Very easy	Easy	Reasonable	Quite hard	Too hard
I would rate the homeworks as					
	Very much	A lot	Yes	Not much	Nothing
I learnt from the homeworks					

Further comments on the homeworks:

.....

.....

.....

5. Your overall opinion on the lectures.

	Very easy	Easy	Reasonable	Quite hard	Too hard
I would rate the lectures as					
	Very much	A lot	Yes	Not much	Nothing
I learnt from the lectures					

Further comments on the lectures:

.....

.....

.....

6. Would you like to see more more or less theory (e.g. proofs) during the lectures? Would you like more simple but illustrative examples during lectures and exercises or do you prefer challenging and realistic problems?

	More theory	No change	Less theory
I would prefer			
	Simpler examples	No change	More realistic examples
I would prefer			

Other comments on the lectures and the exercises:

.....

.....

.....

7. Your overall opinion on the slides and handouts

	Very useful	Useful	Of some use	Not useful	Hard
I would rate the handouts as					

Further comments on the slides and handouts:

.....

.....

.....

8. What did you like the text book?

	Very clear	Clear	Reasonable	Quite bad	Too bad
I would rate the textbook as					

Comments on textbook:

.....

.....

.....

9. Your opinion on the presentation days and related study of an article.

	Very exciting	Exciting	Reasonable	Boring	Unbearable
I would rate the presentation days as					
I would rate reading my article as					
	Very much	A lot	Yes	Not much	Nothing
I learnt from reading my article					
I learnt from my presentation					
I learnt from other presentations					

Further comments on the presentation days and article study:

.....

.....

.....

10. Other comments:

.....

.....

.....

.....

.....

.....

Thank you for your input. We were overall very impressed by your performance during the course.
Best regards,
Anders and Ulf
